J. W. Loftus, representing the Rocky Mountainair Underwriters, has been here a couple of days, securing data for the revision of Fire Insurance rates. His family is with him, having come in their auto, combining pleasure and business.

Bob Hubbard and family returned the first of the week from Mason, Texas, where they had gone to visit relatives. He reports much interest in this country among the people there, and several are contemplating coming soon. The trip was made by auto, and without mishap. On the whole trip they had only one puncture, caused by glass, which is a pretty good record.

Rev. W. D. Garrison returned the first of the week from Hattiesville, Arkansas, where he has spent several weeks on business and pleasure. He says that the experience of the people of Arkansas has been the same as in every other state, that since having tried Prohibition, they would not go back to the open saloon. That voters who worked hard against Prohibition are now out and out for it.
